

Why Buy A Clear Lights®

Licensing frr?

The ingenious Clear Lights® method is a low cost, easy to learn, eco-friendly headlight restoration and automotive appearance licenser that thoroughly trains our licensees and provides top notch, ongoing support.

Owning your own Clear Lights® leaves you in control of your financial future. You own the business, you do the work, and you make the decisions that guide your business toward success!

Corporate Clear Lights® is owned by a husband and wife team who have been small business owners for the past 25+ years, so we understand our licensee's needs and concerns, and are well equipped to answer questions, and offer support to situations that may arise which are unique to small business owners. We have enjoyed success through a booming economy and during the past 2 recessions, so we are attuned to what it takes to succeed in good times and in tough times, and are more than happy to share that knowledge and lend a helping hand to our licensees.

Clear Lights® is also an eco-friendly business that works very hard at leaving the smallest footprint possible upon our planet, with our goal being carbon negative. We are continually looking for new and innovative ways to reduce our waste, reuse our supplies, and recycle almost everything our business uses to operate. This is not only good for our environment, but very cost effective as well. We are also supporters of other organizations that both educate and take action to clean up and preserve our earth.

Clear Lights® is the right choice for smart entrepreneurs looking to take control of their lives.

****All states are now open for licensing sales. ****

If you are interested in purchasing a Clear Lights, or have any questions, fill out your contact information and your reason for contact in the form to the left, and we will contact you shortly. We are more than happy to answer any questions you may have.
