and Tractor Trailers

REGULAR PRICING

Headlights*

&

Tail Lights*

Trim Renew

\$100.00 per pair or \$60.00 each

Trim Renew - \$100.00 & Up

*All headlights or tail lights, other than on standard cars or trucks (i.e. tractor trailers, combines, police light bars, etc.) will need to be seen by a Clear Lights specialist before a price can be given due to varying sizes and difficulty of access. Please call to make an appointment for a specialist to give you a quote.

****Parents****☐ Keep your young drivers safer day and night. Daytime running lamps can't be seen during the day, and night time driving is dangerous, if your headlights are cloudy. Have your child present us with their high school student ID and driver's license and they will receive a 15% discount off of our regular price on their headlight restoration.

****College Students**** Driving home tired after having classes into the evening is dangerous enough. Having your high beams look as bad, if not worse, than your low beams is down right

scary!

Show us your college ID and driver's license and you will receive a 15% discount off of our regular price on your headlight restoration.

****Military, Law Enforcement Personnel, EMTs, & Firefighters****

In sincere appreciation for putting your lives on the line to keep us safe and free, show us your military ID card, law enforcement badge, or proof of EMT or firefighter status and you will receive a 20% discount off of our regular price on all of our services.

*Prices and specials vary by location. Prices given are for the lower Delaware location. Call (302) 265-6830 for an appointment. Multiple car discounts are available on 3 or more cars.
